Member of the Oakland Macomb Youth Football League

The St. Clair Shores Green Hornets proudly provides opportunities for children ages 6-13 to have a safe place to be physically active and make friends by participating in sports. Our goal for the last 70 years has been to teach our youth the value of hard work, sportsmanship, and working as a team to reach a common goal; these are character traits that will be helpful throughout their lives.

This is an invaluable service that we feel honored to offer to youth in the local area. In addition, the Green Hornets offer some of the lowest registration fees for programs of our caliber in the area to enable more kids to play. Our sponsors allow our organization the ability to not only offer lower registration fees, but also keep equipment in great condition and ensure our athletes have everything they need.

We have some great sponsorship options available and are willing to create a level that fits with any individual mission. This would help your business gain exposure among Green Hornet families and in the broader area. St. Clair Shores Green Hornets is a 501(c) (3) organization, and all sponsorships are tax deductible.
